SOVIET TROOPS OCCUPY POLISH WHITE RUSSIA AND UKRAINE: WARSAW GOVERNMENT IS NON-EXISTENT: MOLOTOV Neutrality In General War Is Not Affected, Says Premier

ENVOY REJECTS NOTE: POLISH TROOPS RESIST

LONDON, Sept. 17 (Reuter) — The Moscow radio announces that Soviet troops have crossed the Polish border.

THE SOVIET NOTE SENT SIMULTANEOUSLY TO POLAND SAYS: "THE ADVANCE OF THE SOVIET ARMY IS TAKING PLACE SIMULTANEOUSLY ON THE WHOLE FRONT FROM POLOZK IN THE NORTH TO KAMENEZ-PODOLSK IN THE SOUTH."

"THIS MEASURE DOES NOT AFFECT IN ANY WAY SOVIET NEUTRALITY IN THE PRESENT CONFLICT."

"FROM THE POINT OF VIEW OF THE SOVIET THE FORMER TREATIES ARE NO LONGER VALID SINCE THE POLISH STATE NO LONGER EXISTS."

According to a cable received by the Polish Embassy in London from Riga, Polish troops resisted the entry of Russian troops into Polish territory in the neighbourhood of Molodeczno in the extreme north.

SOVIET NOTE REFUSED BY POLES

The Polish Ambassador at Moscow is reported to have refused to accept the Soviet Note regarding the Russian invasion of Poland but has telegraphed the contents to the Polish Government.

A duplicate copy of the Note has been sent to all foreign diplomatic representatives but this is hitherto unconfirmed. The Danish Legation, however, has received a copy of the Note in which it is added that the Soviet will continue to respect Danish neutrality.

MOLOTOV'S BROADCAST

Announcing over the wireless that the Soviet Army has begun its invasion of Eastern Poland M. Molotov referred to the rapid advance of German troops and "the new situation in eastern Europe caused thereby."

M. Molotov described the "hitherto existing Polish State" as bankrupt and declared that the last phase in the breakdown of Poland had gradually assumed a threatening character for the Soviet Union.

"Nevertheless, the Soviet Union remained neutral to the last moment but now Russia is not in a position to watch developments inactively."

"Nobody could expect that the Russian Government should face with indifference the fate of the oppressed White Russian and Ukrainian population in Eastern Europe which the Polish Government has deprived of its rights."

FRONTIER CROSSED

"Therefore, Soviet troops have crossed the former Soviet-Polish frontier in order to take under its protection the lives and property of the population of Western Ukraine and Western White Russia."

He added: "The Soviet Government is willing to help the Polish people to escape the catastrophe in which it has been plunged through the adventures and unscrupulous policy of its Government."

He said that the nation has sufficient food and the Red Army must lack nothing "to fulfil its duty with honour and glory."

M. Molotov concluded by saying that the whole population of the Soviet Union is backing the Government and in these hours it can look forward to new and hitherto unknown successes in the field of peaceful building up of its industry and agriculture.

STILL IN POLAND

PARIS, Sept. 17 (Reuter)—The Polish Embassy here denied M. Molotov's broadcast, statement that the Polish Government is bankrupt and claimed that the Government is still in Poland exercising its authority and the President, M. Moscicki, is also in Poland.

WARSAW EXPECTED TO BE DESTROYED: ULTIMATUM TO SURRENDER NOT ACCEPTED

LONDON, Sept. 17 (Reuter) — In view of the non-acceptance of the German ultimatum to Warsaw to surrender, the city is expected to be destroyed this afternoon.

Long Raids By Armoured Columns

PARIS, Sept. 17 (Reuter)—Commenting on the fighting in Poland, military experts and newspapers emphasise that the German tactics consist of sending armoured columns to make long raids into Polish territory with the object of destroying communications and preventing the concentration of Polish troops.

"Les Temps" points out that Warsaw was not attacked seriously from the west, but that it was still impossible to know the fate of the Polish divisions in Pomerania and Pomerellen, in Western Poland, which, the Germans report, will be the object of their concentric attack.

This paper says that the German left wing advance on Brastolovsk appears to be slackening, but the turning movement of the right wing has been greatly extended. Lublin, on the other hand, is threatened with isolation.

German troops are also reported to be aiming at Drohobycz, south of Lwow. In this sector also a decrease in German pressure is noted.

NOTE DENIED

THE HAGUE, Sept. 17 (Reuter)—The Netherlands Government denied receipt of a Note from Britain as to what form of economic neutrality Holland should keep as was alleged in a German broadcast.

The Germans alleged that neutral countries, especially the Oslo group, have received similar Notes from Britain who, they declared, intends to dominate the action of these small Powers.

GERMAN ATTEMPTS TO ADVANCE ON WESTERN FRONT FAIL: HEAVY ARTILLERY EXCHANGES

PARIS, Sept. 17 (Reuter)—A French war communiqué issued this morning states that the Germans are heavily reinforcing the western front with troops from Poland the latest arrivals including units of infantry and air force.

Intensive artillery exchanges took place in the past twenty-four hours and German attempts to advance were repulsed.

Reuter reports from London that a semi-official review says that the French and the defenders of the Siegfried Line are at grips in disputing the forward works of the German fortified line on the south bank of the Saar.

A large-scale German counter-attack was made in a rugged plateau which, situated between the River Nied and Warndt Forest, dominates the Sarre Louis; thus, bit by bit, successive communications announce more or less important engagements around the central Saar region.

Fighting in the lower valley of Nied is taking place on the right bank of the stream which passes Bouzonville and meanders in sharp curves across a plateau strewn with little woods.

On the eastern rim this plateau dominates the valley of the Sarre, forming a balcony from which artillery can batter Sarre Louis and the whole of the valley of the

NAZI AIR MINISTRY ENTRANCE BOMBED

COPENHAGEN, Sept. 17 (Reuter)—The whole entrance to the German Air Ministry in Berlin has been destroyed, presumably by a bomb, according to the Berlin correspondent of the "Politiken."

All windows on the side facing the Leipzigerstrasse, he state, were smashed. The explosion also damaged the windows of a big departmental store opposite the Ministry and other shops in the vicinity.

NAZI APOLOGY

BERNE, Sept. 17 (Reuter)—The German Minister has apologised to the Swiss authorities regarding violation of the Swiss frontier by German aircraft.

MONGOLIAN BORDER TRUCE WILL NOT AFFECT SOVIET AID TO CHINA: OPINION OF CHUNGKING CIRCLES

Third Party Rights And Interests May Suffer

CHUNGKING, SEPT. 17 (REUTER) — THE CHINESE PRESS THIS MORNING PUBLISHED NEWS OF THE CONCLUSION OF THE RUSSO-JAPANESE ARMISTICE WITHOUT COMMENT AND NOT TOO CONSPICUOUSLY.

Chinese circles are sceptical whether the agreement means anything more than simply a settlement of a local incident having no bearing on other issues between Japan and Russia.

Chinese newspapers gave the news of the armistice a secondary place, apparently for fear of arousing undue alarm among the Chinese populace.

Wang Leng-sen, well-known expert on Japanese affairs and formerly Counsellor of the Chinese Embassy in Tokyo, expressed the opinion that a Non-Aggression Pact between Japan and Russia is most unlikely.

KNOWN BEFOREHAND

Though the news of the conclusion of an armistice to end the Mongolian border fighting caused a painful impression here, it had been known for some time that negotiations had been in progress.

It is pointed out that Russia had continued to give material assistance to China after the signature of the Changkufeng Armistice, following fighting between the Soviet and Japanese in August, 1938.

Hence, it is considered that the new agreement may not affect Soviet assistance to China. It is considered that if Japan feels that she enjoys a "free" hand in the Far East without fear of Soviet intervention, she may radically change her policy towards third party rights and interests which may, therefore, be in danger of further encroachments; but this may be followed by a more positive policy on the part of the United States in the Far East.

Chinese Press Says Scope Is Local

RUMOURS OF THE IMMINENT CONCLUSION OF A NON-AGGRESSION PACT BETWEEN JAPAN AND SOVIET UNION MUST BE RECEIVED WITH A GREAT MEASURE OF RESERVE, COMMENTS THE HONGKONG "TA KUNG PAO" EDITORIAL.

The journal says that the signing of an agreement of a Soviet-Japanese armistice on the "Manchukuo"—Outer Mongolia frontier must not be taken as a prelude to the conclusion of a Non-Aggression Pact between the two countries.

Pointing to the sharp conflict of their interests and ideologies, the journal believes that it will not be easy for Japan and Soviet Union to seek for a fundamental compromise.

Because of her proximity with China, the Soviet Union can hardly be expected to tolerate Japan's aggression in China.

DUAL POLICY

The "Sing Tao Jih Pao" believes that Japan's attempt to stop Soviet help to China by a non-aggression pact will end in failure.

The paper says that in view of Soviet Russia's dual diplomatic policy of maintaining friendly relations with all neighbouring countries and extending aid to countries under aggression there is no contradiction between her signing of an armistice agreement with Japan and her extension of aid to China.

The "Chinese Evening Post" thinks that Soviet Russia signed the agreement for armistice only as an expedient measure to settle the border hostilities. It does not believe that she will henceforth remain aloof in the Far East.

JAPAN WEAKENED

The "Chu Kiang Jih Pao" states that Soviet Russia need not at present sign any non-aggression pact with Japan, who no longer constitutes a great menace after she has been weakened in her war with China.

Germans In Aachen Ordered To Evacuate

BERLIN, Sept. 17 (Reuter)—All German families in Aachen have been ordered to evacuate. Only the old, invalids and children under the age of 12 will travel by train or motor while the rest of the people will go by road to Cologne.

The journey will take three days and everyone must carry their own food and not more than 33 pounds of personal belongings the rest of which must be left behind.

Any attempts by the German populace to escape into Belgium or Holland will result in the confiscation of all their goods.

Russia Enigma In East And West Says Writer

LONDON, Sept. 17 (Reuter)—Russia is still a great enigma in the present European situation, writes Reuter's diplomatic correspondent.

When the Soviet concluded a Non-Aggression Pact with Germany, after turning down the Turko-British offer of collaboration in a mutual assistance pact, the general belief was that she was seeking to have her hands free in the Far East.

But, as events moved so rapidly since then, it is not altogether surprising to find the Soviets entering an armistice with Japan which, it is suggested, may be followed by a Non-Aggression Pact, leaving Moscow with her hands free in Europe.

WHAT USE?

What use the Soviet will make of this liberty is a great problem. The suggestion implied in a recent "Pravda" article was that the Soviets are staking a claim in Poland, where they allege there are nearly ten-million Ukrainians and White Russians. In this connection there are two possibilities.

Firstly, there may have been an agreement with Germany in respect to her participation in Poland.

Secondly, Moscow is alarmed by the speed of the German victory and may be preparing to back up her claims to certain territories if the German advance is pushed too far.

The mobilisation of four million soldiers is in keeping with either alternative and can be regarded as an all-purpose measure to cover every eventuality, while it is significant that Germany seems to be as much in the dark and uneasy about the Soviet attitude as the rest of the world.

"SOMEWHAT MOOT POINT"

The Soviet-Japanese truce should enable the Japanese to devote their energies to the disposing of the "China Incident," but whether their confidence in the truce will enable them to withdraw any of the 300,000 men concentrated on the Soviet-Mongolian border is somewhat a moot point.

It is difficult to see how the mutual Russo-Japanese distrust can disappear overnight and the same might be said even more truthfully of the Russo-German relations, and, in short, the signing of the Soviet-Japanese Armistice did not clarify the situation, but merely introduces new uncertainty.

DISAPPOINTING WRESTLING

Hussain's Easy Win Over Zenovich

The much-boasted wrestling bout between Ghulam Hussain, the Indian "Man-Mountain," and the Russian Champion, Vladimir Zenovich, at the Alhambra Theatre yesterday morning turned out an absolute "frost."

Apart from the fact that the fight was delayed for nearly one hour and that a fairly large crowd was kept waiting until the ring was fixed up, the bout was a great disappointment.

Zenovich was no match for the burly Indian and it was all over in under ten minutes.

Hussain, who weighs 210 pounds to Zenovich's 190 pounds, was not extended at all, and won two falls, the first in 14 minutes and the second in a little over that time to be declared the winner.

TWO QUICK ROUNDS

In the first round, Hussain soon had his opponent on the floor flat on his stomach. He kept him thus for a few seconds and suddenly swung him over to flatten him out on his shoulders.

In the second round, Zenovich dropped on all fours and started crawling round the Indian, who repeated his previous tactics and pinned him to the ground, although the Russian put up a slightly better resistance.

Hussain turned him over twice before pinning his shoulders to the boards.

Having won two falls, Hussain was declared the winner.

Bloodiest Boxing Battle: "Two-Ton" Tony's Triumph

PHILADELPHIA, Sept. 16 (Reuter).—"Two-Ton" Tony Galento, publican victim of Joe Louis's tigerish onslaughts in their recent world title bout, has wasted no time in his attempt to secure a return bout against Louis. Last night he secured a technical knock-out verdict against Lou Nova in one of the bloodiest battles seen in years.

STADIUM PACKED
The Municipal Stadium was packed by a crowd of 20,000 and Nova entered the ring a 3-1 favourite, weighing 14st 11lb. as against Galento's 16st.

Age and aggressiveness conquered youth and outstanding pluck, Galento hurling himself like a battering ram against Nova, who was pounded to a gory, reeling pulp, forcing George Blake, the referee, to stop the bout after 2 mins 44 secs. in the fourteenth round.

BLOODY BATTLE
Blood began to fly in the second round, when Galento opened a bad cut over Nova's left eye, while in the same round Galento sustained a lacerated lower lip. Both fighters, and even the referee, were covered in blood from then onwards.

Nova, with gashes over both eyes, went down for a count of one in the third round and was floored with a push in the eight.

FLOORED TWICE

He was on his back twice in the fourteenth round as the result of vicious hooks and was in such a helpless state that the referee stopped the bout after the round had lasted 2 mins 44 secs. It was a scheduled 15-rounds bout.

Nova won the first round as the result of superior boxing skill, the sixth and twelfth were declared even, and Galento won the remaining 11 rounds.

Galento will now probably be regarded as the No. 1 challenger against Joe Louis by the National Boxing Association.

BOWLS SEASON NEAR END

With a 14th win in a row for Club de Recreio "A," winners at Cox's Road by a score of 78-57 against Kowloon Cricket Club, the lawn bowls league season neared conclusion on Saturday, a total of six league matches being played.

In the First Division, Civil Service beat Recreio "B" 61-54 at the Valley, and Indian Recreation Club beat Craigengower 61-50 at Soekunpoo.

In the Third Division, Recreio Juniors came nearer to claiming the championship with an 86-40 win over the Yacht Club at King's Park. Hongkong Football Club, playing at home, beat Craigengower 54-41, and Hongkong Electric Recreation Club surprised with a 73-54 victory over Kowloon Cricket Club at North Point.

CAMERONIAN DESTROYED

Mr. En Tong-sen's 1938 griffin, Cameronian, suffering from big head, was destroyed on Friday last. The pony did not race last year, but in 1938 won \$5,300 in stake money.

Cameronian, ridden always by Mr. G. Encarnacao, will best be remembered for its debut at the 1938 Annual Meeting when it won three races, inclusive of a walk-over from an entry list of 33 in the American Club Cup.

EPIC OF OLD WILD WEST

"Union Pacific" Previewed

"Union Pacific," which was previewed at the Queen's Theatre on Saturday, may well serve as a memorial to the love for exhaustive and authentic detail that is Cecil B. DeMille's. The master producer of screen epics, after 26 years of experience and experiment, presents a comprehensive digest of every thrill in the calendar that can be associated with the Old West.

Included in the story of the race against Central Pacific to Utah's Promontory Point are a fight on a train, a gambler taking a pot-shot at a friendly redskin, a murder at a card game, a friend become an enemy, a train robbery, a chase on horseback through the night, a buffalo herd, a bullying foreman, a noble sacrifice, an Indian massacre, a last-minute rescue, gamblers galore, a train wreck, and a final gun duel in which the disturbing point to the triangle dies nobly.

The central character of the story is an Irish postmistress, played by Miss Barbara Stanwyck, whose Irish brogue falls only at those points where emphasis shifts from the dialogue to the story. Other players in the film are Joe McCrea, Robert Preston, Brian Donlevy, Akim Tamiroff, and Lynne Overman.

Nat Pendleton has been added to the cast of Another Thin Man.

Violinist Has A Star Part In "They Shall Have Music"

A REPORTER MET SAMUEL GOLDWYN AT LUNCH THE OTHER DAY, AND ASKED HIM A QUESTION THAT HAS BEEN IN THE MINDS OF MANY LEADERS OF THE FILM BUSINESS HERE IN HOLLYWOOD.

"What induced you to sign up Jascha Heifetz for a star part in your picture, 'They Shall Have Music'?"

Goldwyn replied "That's easy to answer. Heifetz is a great violinist. He's the greatest property in the show world to-day. He's known everywhere. He's booked solid on the concert stages of the world for the next seven or eight years.

"Besides," he continued, "I know that due to his presence in it, the picture will draw an additional 1,000,000 people to see it who otherwise might remain at home."

FILM CAREER

If Goldwyn is correct in his forecast he will have a tremendous success in "They Shall Have Music." Not only that, but Jascha Heifetz will be launched on a career in film that might easily bring him a personal popularity with film fans such as the popularity enjoyed several years ago by Heifetz's wife, the former film star, Florence Vidor.

PRESIDENT'S SON

Speaking of "They Shall Have Music," reminds us that Goldwyn has signed up James Roosevelt, eldest son of the President of the United States, on a long term contract to continue his work as vice-president of the Goldwyn film producing organization. One of young Roosevelt's immediate duties will probably be to go to Europe in the next few weeks to launch the premiere engagements there of the Heifetz film.

This will be in line with the type of work that "Jimmy" has

been doing since he forsook Washington politics for Hollywood cinematography six months ago. He returned only recently from visits to London and Paris where he supervised the opening engagements of "Withering Heights," starring Merle Oberon, Laurence Olivier and David Niven.

PENSIONS ORDINANCE AMENDMENT

The "Hongkong Government Gazette," notifies that in exercise of the powers conferred by section 3 (1) of the Pension Ordinance, 1932, as enacted by the Pensions Amendment Ordinance, 1934, and with the sanction of the Secretary of State, the Governor in Council amends Pension Regulations C, set forth in Government Notification No. 761, published in the Gazette of October 12, 1934, as appears hereunder.

AMENDMENT

The following paragraph is added at the end of subsection (1) of regulation 5 in Pension Regulations C after paragraph (b) thereof—

For the purposes of paragraph (b) a person's service shall be deemed to be terminated by his death if he dies as a result of a continuous illness incapacitating him from work from the last day on which he drew pay, provided that he has actually completed ten years' unbroken service before ceasing to draw pay.

American Conference For Practical Aid To China

SAN FRANCISCO, August.—To help China with practical measures "short of war but stronger than mere words" was the aim of the West Coast Conference for Peace and Security that met in San Francisco recently.

At the conference, 95 delegates and 39 observers representing 650,000 people in 32 cities of British Columbia, Washington, Oregon, and California gathered to hear Major Evans F. Carlson, of the United States Marine Corps, sound a warning against the aims of Japan's militarists. For eight years Major Carlson was a military observer in China, and spent several months traveling with the Eighth Route Army before he returned to the United States.

After remarking that Japan's economic drive on the Asiatic continent seemed to be "actuated by a curious belief on the part of officers that they have a divine mission to carry the Japanese brand of culture to the rest of the world," Major Carlson spoke of the possibility of an attack on North America:

"I am as cognizant as you are of the difficulties which would beset any attempt of Japan to carry a war across the Pacific. But—mark this carefully—such an eventuality is not beyond the realm of possibility.

"Using the islands of the Pacific as stepping stones it could be done by a nation which possessed tremendous man power and extensive natural resources. If Japan is successful in her attempt to conquer China, these reservoirs of power will become available to her. There can be small doubt of the use which she will make of them."

Resolutions adopted by the Conference supported the neutrality stand of Senators Pittman and Swollenbach, upheld all embargoes of war materials to Japan,

and proposed to set up boycott committees against Japanese goods. Active help for Chinese war victims was expressed by two further measures:

"Resolved, that the Conference endorse the drive to collect 20,000 blankets for the war sufferers in China; and further, that the Conference heartily supports the efforts of the Chinese people to re-construct their economy through the development of industrial co-operatives in the interior; and urges the attending organizations to devise concrete means for practical aid of these campaigns in their respective localities.

"Resolved, that the represented organizations should urge the United States Government to grant loans of our wheat and cotton surpluses to China."

Endorsements of the Conference came from individuals, civic welfare groups, labour organizations, China-aid bodies and from "Doho" West Coast Japanese newspaper.

BIRTHDAY PARTY AT CHEUNG CHAU ISLAND

An enjoyable tea-party was given by Mr. and Mrs. D. O. Silver at their summer residence on Cheung Chau Island on Saturday to celebrate the 88th birthday of Capt. J. J. Lossius, the Grand Old Man of Hong Kong.

The tables were gaily decorated and the centre of attraction was a huge birthday cake with 88 candles and decorated with a sailing vessel made of sugar, the handwork of Lane Crawford Ltd.

The eight waitresses who attended to the guests were from the senior class of the Kikungshan School, formerly at Hankow, but now refugees on the island. They were Misses Carolyn Ady, Sophie McClure, Ruth Skinsnes, Beth Harrison, Gertrude Wahl, Helen Wahl, Gertrude Raetz and Hope Lindquist.

Most of the adult residents on the island were present, amongst whom were Mrs. Selma Lindell, Mrs. A. H. Ziegler, Mrs. Rex Ray, Mrs. M. S. Ady, Mrs. Lily Franklin, Mrs. R. Allison, Mrs. J. R. Saunders, and Mrs. W. M. Burnside. Miss Esther Anderson, Miss Gertrude Sovik, Miss Ruth Gilbertson, Miss S. Baneroff, and Miss Grace Lindquist, Rev. Sam Boyle, Rev. A. J. Lindquist, Dr. J. R. Saunders, Rev. W. M. Burnside, Mr. A. MacKenzie, Mr. J. M. Silver and the Misses Cynthia and Rosalind Silver.

UNIQUE RECORDS

Capt. Lossius, who holds the master mariner's certificate of four different countries, has many unique records to his credit. Born in Christiansund, Norway, he was educated in Germany, where he personally met the ex-Kaiser and his father, then Emperor of Germany.

Capt. Lossius began his career in sailing ships and rose to be master of his own ship. Transferring to steam vessels, he crossed the Atlantic Ocean over a hundred times, having been shipwrecked and washed overboard more than once. Coming to the Far East, he crossed the Pacific Ocean as Chief Officer of the White Star Line many times.

Since his arrival in the Colony over 40 years ago, he has piloted steamers to Canton over 2,000 times and to Wuchow over 1,100 times, being the first to open up the West River in June 1897.

HONGKONG, SEPTEMBER 18, 1939

NO JITTERS
FOR CHINA

THE ALARMS AND EXCUR-
SIONS which rent Europe
from the day of the Armistice
to the outbreak of the second
Great War have reached their
logical culmination, as every-
one expected, in a new armed
conflict. One would think
that, having assumed this
more concrete form, the old
"war of nerves" would at
last die down. The facts
prove the contrary. The dis-
astrous battle by rumour and
blackmail still goes on.

AT THE MOMENT, its
victim seems to be China.
On the one hand, she is told
that the hostilities in the
Far East must come to an end
in the interests of world
peace—a peace that has ceased
to exist in Europe. On the
other, there is an attempt
to convince her that further
struggle is useless because
she is being "abandoned."
The Japanese are gambling
on the war to secure re-
cognition of their conquests.
Every scrap of news creates
a new "situation" carefully
"analysed" by experts at the
game and used for what it is
worth on the international
rumour market.

IN THIS WELTER OF CON-
FUSION it seems worthwhile
to focus attention once again
on the underlying facts of
the situation in the Far East
and the aims and methods of
its chief feature—China's
struggle for existence against
the assault of Japanese
militarism.

NOW, AS FOR THE LAST
HALF-CENTURY, two basic
conflicts are going on in the
Pacific Basin. One is the
attempt of the relatively new
Empire of Japan to drive out
deeply entrenched Western
interests and to colonise the
continent. The other is the
fight of China—a nation of
400,000,000 for the right to
rule herself and to determine

"Lucky Day"
For Three
Children

Death took a short holiday yes-
terday afternoon with the result
that it was a "lucky day" for the
children.

Three Chinese boys had miracu-
lous escapes from death.

A 13-year-old lad was flying a
kite on the roof of No. 6, Belchers
Street and in an attempt to grab
the kite he slipped and fell.

With presence of mind he
managed to hold on to the window
of the first floor and he then slid
to the ground to safety.

Another incident of a similar
nature occurred in Nanking Street,
Kowloon. A boy, named Wong
Sui-lok, also aged 13, was flying a
kite on the roof of his three-
storeyed house when he fell a
distance of 50 feet on to another
boy, a passer-by. As a result he
was fortunate enough to escape
death, but received injuries. Both
boys were sent to the Kowloon
Hospital.

The third "lucky" incident
occurred in Queen's Road West
about 2.30 p.m. A boy, six years
of age, was playing in the street
which is usually crowded with
traffic. A bus suddenly approached
and the boy was knocked down.
He escaped without a scratch.

the direction of her own
development.

WHATEVER THE TACTI-
CAL ARRANGEMENTS of the
moment may be, these con-
flicts remain. Whether Japan
creates "Tientsin incidents" or
makes up to Britain and
America, her aim is still the
same—to increase her own
influence at the expense of
others. And whatever the
relations of China with other
nations, the laws of her exis-
tence make it necessary for
her to wage relentless war
against the aggressor on her
soil if she wishes to survive.

THE CONFLICT between
Japan and the Western
Powers has not matured to
such a stage that temporary
compromises and manoeuvres
are no longer possible—al-
though in the present situa-
tion such dealings should
hardly appeal, because Tokyo,
with hands unbound, can
observe or ignore any agree-
ment as it sees fit. The con-
flict between Chinese nation-
alism and Japanese aggres-
sion, on the other hand, is on
an entirely different plane.
The issue has been joined and
it must be fought to the end.

WHILE FACING the same
menace, China is more for-
tunate than Poland because
she does not have to depend
upon allies for her chances of
survival but can carry on the
fight herself. Help she wel-
comes, from whatever quar-
ter it comes. Any attempt to
make a deal with her enemy
at her expense, she natural-
ly resents—and her resent-
ment is heightened by the
fact that such activities are
not only detrimental to her
interests, but also contrary to
the international morality
which draws a distinction be-
tween the attacker and the
attacked.

THE CAPITULATIONISTS
are making much capital of
the suspension of Japanese
assaults on Outer Mongolia
and the conclusion of a fron-
tier truce, analogous to that
which closed the Changku-
feng affair last year. There
is no doubt of the fact that,
having folded up their diver-
sion in the Far North, the
Japanese may have more
troops to use on other fronts.
But they could have done this
even without a truce. They,
and not the Mongols were at-
tacking and could have stop-
ped the attack at any time
they liked. And there is no
indication that anything that
has been done has been at
the expense of China, or that
Chinese purchases of Russian
war materials, recently rein-
forced by a new credit, will
be affected in any way.

CHINA'S SYMPATHISERS
are entirely with sufferers
from aggression, wherever
they may be. She supports
the fight of the Polish people
and honours Britain and

REALISTIC
BLACK-OUT
ON FRIDAY

The biggest black-out test
yet in the Colony, which will
include the entire New Terri-
tories and all islands in
Colony waters, will be held on
Friday night.

All traffic on land and water will
be at a stand-still for the dura-
tion of the test, and lighting
restrictions will be imposed from
sunset on Friday until after the
"all clear" signal is sounded.

Several R.A.F. planes will stage
a mimic air-raid on Hongkong
Decontamination squads, the
Auxiliary Fire Brigade the civilian
medical corps and the A.R.P.
Despatch Corps, as well as all Air
Raid Wardens, numbering some
1,500, will be called out for duty
during the test.

RELEASED FROM
INTERMENT
CAMP

Eight more men were released
from the La Salle Internment
Camp yesterday following the re-
lease of two on Saturday morning.
It will be recalled that 15 were re-
leased earlier and sailed for
Shanghai on the Conte Biancamano
recently. There are now only 62
internees left in the camp.

The eight men released yester-
day are—Erich Porges, Maurice
Appel, John Heynemann, Karl
Elkan, Fritz Szanto, Edgar Laufer,
Adorjan Fekete, and Gustav Wolf-
gang Amann. Erich Porges, who is
already well-known for his piano-
forte broadcasts and his playing at
Jimmy's Kitchen will return to
work to-night.

The German Jewish cook, Hans
Odenheimer, who is 19 years old
and the youngest member of the
camp, was one of the two released
on Saturday. The other was Joseph
Klinger.

Visitors will be allowed in as
usual on Wednesdays and Satur-
days.

U-BOAT BRIGANDAGE CLAIMS MORE
VICTIMS: DELIBERATE VIOLATIONSDANISH SHIP
SINKS

FLUSHING, Sept. 17 (Reuter).
—It was revealed to-day that the
Danish steamer Randaorbergen, en
route to Antwerp, sank after strik-
ing a mine of Terschelling on Sept.
13.

The Italian steamer Providenza,
rescued and landed here 20 per-
sons, including four Americans,
while 17, including four Americans,
are still missing.

SAFETY LIGHT
STRUCK

A traffic accident occurred in
Hennessy Road shortly after 10
p.m. yesterday.

A private car, No. 3507, which
was being driven towards Cause-
way Bay, collided into a safety
island on a tram stop at the junc-
tion of Percival Street.

The vehicle damaged its head
lamps and the bumper, while the
safety island light was knocked
out of position. No person was
injured.

France for having stood by
their pledges to the point of
war. And she believes that
the best way she can do her
share in the fight, against
aggression which is now be-
ing waged all over the world
is to hold her own front un-
waveringly—secure in the
knowledge that all over the
world the forces of aggression
are doomed.

Natural
Borders
Of ChinaY.M.C.A. DISCUSSION
GROUP TALK

Describing the Yangtze as the
"Land Builder and Trader's
River," Mr. T. Herman, speaking
at the Discussion Group at the
Y. M. C. A. last night on "Where
is China?" gave as two main
reasons for what have affected
China's culture (a) its natural
borders which gave no reason for
Chinese to wander, and (b) the
geographical structure which pre-
vented little exchange of customs
across the climatic belts.

After describing the location
and size of China, in the course
of which any interesting points
were disclosed, the speaker ex-
plained that the natural borders
and the ocean were so far from
civilisation, and the mountain
ranges so arranged as almost to
define the climatic belts, that
they prevented exchange of cus-
toms not only between the people
of the different climatic areas,
but also gave no reason for
Chinese to wander. These fea-
tures have greatly mitigated
against Chinese culture.

The mountains and the shape
of the land were described in
detail, revealing that the south
was more progressive than the
north generally speaking.

THE RIVERS

Talking of the rivers, it was
pointed out that the Amur and
Sungari flowed N. E. and were
ice-locked for six months. The
Hsi Ho which eventually flowed
east by Tientsin was always
heavily silted, and the Hwang
"China's sorrow" and sometimes
called the "farmer's river" irri-
gated the North China plain.
The Yangtze which carries six
million tons of silt every year
and flowed at the rate of one
million gallons of water per
second near Wuhu was the out-
let to one of China's most fertile
areas.

Mr. Herman then described how
the various climatic differences
affect the growing season, the
crops, clothing, housing and pos-
sibly the temperament of the
people.

to the Japanese Government a
fortnight ago.

SUBMARINE
PROTOCOLThree British
Ships Sunk

LONDON, Sept. 16 (Reuter).—
Three more ships have been sunk,
a Belgian and two British.

The Belgian steamer, Alex von
Opstal, 6,000 tons, was sunk late
last night as the result of enemy
action off the Shambles Lightship
near Weymouth.

The Ministry of Information
states that she was either tor-
pedoed or, as her master thinks,
struck by a mine.

The mine must have been
dropped by an enemy mine-
layer, since the British have not
laid any live mines near where the
Belgian steamer sank.

A VIOLATION

In any case, it is a violation of
international law.
If it was a mine she struck, the
Germans did not announce the
fact that a mine-field had been
laid there.

If she was hit by a torpedo,
it was a violation of the
Submarine Protocol, to which
Germany was a subscriber.
The vessel was doing 15 knots
at the time. Her crew of 49, in-
cluded six who were injured, was
picked up by the Greek steamer
and landed at a British port.

BRITISH VICTIM

The British ship was the Fanad
Head, 5,200 tons, which was built
at Belfast in 1917 and was owned

Hello & Goodbye

(BY A. W. HYER)

Imperial Airways' planes have been sadly lacking
during the past week in the clouds about Hongkong;
however, after a delay of 24 hours, the weekly inward
service from Bangkok will be arriving at Kai Tak this
afternoon with a large batch of mail from all Empire
ports and a few passengers.

Lloyd Triestino are at-
tempting to straighten out
their steamship services on
the Far East-Europe route
which was slightly disor-
ganized during the past two
weeks. The s.s. Conte Bian-
camano, now in Shanghai,
will be arriving in the local
port this week-end en route
to Genoa via southern ports.

The next outbound service of
the Italian line from Europe will
be the m.v. Victoria arriving in the
Colony on or about October 14 en
route to Shanghai. Quite a num-
ber of kilos of mail for Europe was
carried by the s.s. Giulio Cesare,
which departed from Hongkong
homeward bound, last Saturday.

The m.v. Denbighshire made her
debut in local waters during the
week-end. This modern ship ar-
rived on her maiden voyage from
England in a coat of black and
grey paint with a sand-bagged
bridge deck and other necessary
adjustments for war zone waters.
The new vessel is sitting over by
Holt's Wharf making ready for a
departure to Shanghai.

President Coolidge

BRIGHT AND very early on
Saturday at 7 a.m. the Presi-
dent Coolidge was heading from
our port to Manila.

Mr. and Mrs. A. W. Gibson,
members of the local Standard
Vacuum Oil Co.'s fraternity, were
bound to Manila. Mainly business
takes these well-known residents
south, though Mrs. Gibson is look-
ing forward to a few gay reunions.
A genial representation of the
John I. Thornycroft and Co., Ltd.,
sailed south to Manila, Mr. E. B.
Roxburgh and Mr. and Mrs. S.
Howard. This is a business visit
for the male members of the party
and the little lady is on holiday!

Returning to his southern office
after a quick clipper trip and call
in the Colony of two days was Mr.
D. Cook, manager of S. E. Levy &
Co. in the Manila city.

More Standard Vacuum Oil
Co.'s members sailing to Manila
were, Mr. L. A. Garrard whose desk
is down in the southern branch
office. And Mr. L. L. Roche ac-
companied by young Master R. M.
Rocke. The younger member of
the family is heading for the
"little red school house" in Baguio
and the head of the family is
making a business call in the
Manila office.

Three very nice members of the

due for a trip down to Manila on
the President Coolidge, Mr. and

all the corners in the American
President Line's flagship and did
not locate them.

NOON ON SATURDAY, when the
Lloyd Triestino's steamer ar-
rived from a lengthy call in
Shanghai there were few passen-
gers disembarking in Hongkong.
However, the passenger list for
southern ports and Europe was
quite long.

Commander M. di Pagano, from
Shanghai, was not to be disturbed
at luncheon which he partook on
his arrival; and not wishing to
disturb his digestion, his visit to
Hongkong goes untold. For he
disappeared after his repast!

Mr. R. Lee returned from a call
in Shanghai, and in an excited
hurry to get ashore had nothing to
say!

Saturday Departure

THE SATURDAY departure at 10
p.m. of the Italian steamer for
Europe via southern ports was
outstanding. It was most amusing
and interesting to review from the
sidelines the "going-away and
farewell" party for the twenty-
three members of the Fung family.
Three times as many visitors as
travellers in the group swarmed
shipside to offer best wishes, and
wave handkerchiefs as the ship
left the pier.

The flowers filling the cabins of
these passengers, and overflowing
into the hallways produced the
appearance of a beautiful flower
exhibit many different blooms in
unusual settings.

Scared Of

In U.S.SKIPPER OF GERMAN
FREIGHTER TURNS
BACK TO JAPAN

TOKYO, Sept. 17 (Reuter).—The
Hamburg-America Line freighter
Odenwald arrived in Yokohama
yesterday after reversing her
course in mid-Pacific soon after
the outbreak of war.

She was bound for the west coast
of the United States, but the cap-
tain put about when only 600 miles
from port, because it is feared the
American authorities may intern
her.

Only a few tons of fuel was left
when she reached Japan.

FRENCH DRIVE PENETRATES INTO SAAR TERRITORY: GERMAN AIR AND LAND ATTACKS REPULSED

Valuable Posts Taken: Nazi Offensive Nipped In The Bud

PARIS, Sept. 16 (Reuter)—The new French drive near Luxembourg has been carried beyond Perl.

The capture of Perl is credited to mechanized units of the French army which moved up so rapidly that the Germans were unable to blow up the bridge.

Perl is normally a customs station for traffic between the French town of Metz and the German town of Trier (Treves).

Paris newspapers stated that repeated German aeroplane attacks conducted along the whole front line at a low altitude have all been repulsed.

The Paris papers also say that the French fighters are masters of the air all along the Western front. German planes, they say, have been "chased out of the sky."

The German-intensified artillery fire and fruitless counter-attacks is taken as an indication that the Germans are getting more nervous every day.

VALUABLE POST

M. Charles Maurice, military correspondent of "Petit Parisien," says that French troops have occupied two villages and a hillcock east of Saarbrücken. The hillcock will be a valuable artillery observation post.

"Le Journal" says that the whole of the mobilized French army is now in position and in three months France will have a better army than she had in 1918 and one that is far more powerfully equipped.

POSITION IN POLAND

LONDON, Sept. 17 (Reuter)—Berlin last night claimed that the following is the position in Poland at the moment.

The German forces, 100 miles N.E. of Warsaw, have taken Byelostok, where they are now at the bank of the Bug River, some distance to the East. The fortress of Brestlitovsk is being attacked.

Fifty miles to the south, a German mechanized column crossed the Vistula, but the German infantry, finding it difficult to follow the mechanized units of the German forces which occupied Przemysl are now trying to move eastward and a German unit has reached Praga, a suburb of Warsaw.

A German communiqué states that German reserves arrived and strengthened the line around Kutno. The Germans also claim to have bombed the Polish transports near Poland's eastern frontier.

WILL SHOOT ALL

LONDON, Sept. 17 (Reuter)—The Berlin Wireless station says that the German Fuehrer has announced that the German troops will shoot at all Polish troops who approach their lines with their hands raised.

This, it is said, is because Polish troops have approached German lines in this fashion and then, it is alleged, started machine-gunning when the German ceased fire.

CONTINUOUS LIAISON

LONDON, Sept. 17 (Reuter)—All Polish military commands are maintaining continuous liaison with the Polish High Command.

A group of armies in the north works in perfect accord with a group in Posnan. Three main Polish radio stations are working without interruption in broadcasting continuous instructions to the public on defence.

The Polish Government is in the Lvov (Lemberg) area and maintains constant contact with different departments and the High Command.

DEBLIN CAPTURED

BERLIN, Sept. 17 (Reuter)—A communiqué from the German High Command claims the capture of Deblin, 75 miles to the south-east of Warsaw. It is claimed that hundreds of undamaged planes fell into German hands. Kutno, 70 miles to the west of Warsaw, is also claimed to have been captured.

It is added that reconnoitring forces of the three German invading armies—from East Prussia in the north, Upper Silesia in the west and Slovakia in the south—met near Wlodawa to the south of Brestlitovsk.

According to a German broadcast, German troops have occupied the citadel of Brestlitovsk and 600 men were taken prisoners. On the western front a communiqué admits French "shock troop actions."

HITLER'S AIDE DIES SUDDENLY AT FRONT

LONDON, Sept. 16 (Reuter)—The death is announced in Germany of Herr Ernst Bohle, one of Hitler's adjutants, who died suddenly while at the front with Der Fuehrer.

This obituary notices give no details of his death, which has been the source of many rumours because of his close association with Hitler.

Tremendous Moral Effect On Germany

LONDON, Sept. 17 (Reuter)—The French success in not only beating off the German counter-attacks but also actually improving their position in some points, is all the more satisfactory as it was the first attempt in real force by the Germans to save Saarbrücken.

The loss of which must have a tremendous moral effect on Germany and the world. The French line is now about 40 miles long from the border of Luxembourg to a few miles to the east of Saarbrücken.

The Germans are fighting desperately to prevent the French from occupying a plateau between the rivers Nied and Saar from whence guns would dominate the industrial town of Saar Louis and be within range of the main Siegfried Line fortifications.

Gen. Gamelin is feeling his way carefully, determined to avoid "cannon fodder" drives with the terrible slaughter of the last war. Hitherto, only the French advance guards were used.

ATTACK ON SWABUE FAILS

WAICHOW, Sept. 16 (Central)—Over 100 Japanese bluejackets tried to land at Swabue east Kwangtung coastal town about 70 miles northeast of Hongkong, under the protection of eight bombing planes on Wednesday afternoon.

They encountered stiff Chinese resistance. Fighting lasted till 10 p.m. when the Japanese invaders were driven back to their warships, leaving a number of dead.

China War

CHINESE VICTORY IN HUPEH

FIGHTING GOING ON IN CHUNGSHAN

PINGKIANG, Sept. 17 (Central)—The recent Chinese victory at Peikang and Saikungchiao in South Hupeh, is said to be the biggest in that part of the Province since the turn of the year.

It is estimated that some 600 Japanese were slain in action and six were taken prisoner. In addition, 60 rifles, 30 horses and considerable ammunition were seized.

The Chinese field headquarters has issued an order commending the efforts of the troops responsible for the success.

FIGHTING CONTINUES

SHIUKWAN, Sept. 17 (Central)—The Chinese are rushing reinforcements to counter-attack the Japanese invading Chungshan District. Fighting is progressing around Chungkaipin, northeast of Shekhi.

Japanese aircraft have been actively bombing Shekhi, Cheungkaipin and other points in Chungshan District.

Japanese War Captives Denounce Aggression

CHUNGKING, Sept. 16 (Central)—"We are peaceable people of Japan, and have been forced by our warlords and capitalists to participate in this aggressive war on China," declared a group of Japanese captives, now quartered somewhere in the Northwest, in a message addressed to the International Peace Campaign.

The message further states that an Anti-Aggression League has been formed by them, with the avowed aim of overthrowing the Japanese militarists.

"Our intense hatred of these warlords is motivated by an enthusiasm for justice. In organising ourselves into this League, we have in mind the promotion of a cosmopolitan world, and welfare of mankind. We are resolved to achieve these ends even at the cost of our lives."

The message was signed by Oshikiri Goro, President of the Anti-Aggression League.

AFGHAN RISING THREAT

SIMLA, Sept. 16 (Reuter)—An attempt was made by tribesmen to start a rising in Afghanistan coincident with the outbreak of the war in Europe.

The reports states that this was possibly a result of foreign influence and a close watch is being kept on the situation.

GOOD RESPONSE TO APPEAL TO PUBLIC FOR BLOOD DONORS

Classification Will Be Made In Four Groups

Although it is too early to give any exact figures as to the result of the Government's appeal to the public for blood donors, there is every indication that the appeal will be successful. Very few negative replies have been received.

This information was obtained by a "Hongkong Daily Press" representative yesterday from the Director of Medical Services from whom it was also gathered that 500 appeals had been sent out.

The appeals were addressed to selected men between the ages of 18 to 41, but there would be no objection to receiving applications from would-be donors up to the age of 55 years.

For the purpose of blood transfusion the international classification is into the following groups—"O" "A" "B" "AB."

The "O" group is for universal donors whose blood would be used for any group. The other two groups can only be used for persons of the same group. This is the most essential kind and is the group in which the blood cells of the donors are not destroyed by the blood juices of the patient to whom the blood is given.

OTHER GROUPS

The other three groups can only be used for persons of the same group.

Donors are required to send an application to the Director of Medical Services stating that they are willing to become blood donors, and the Medical Department will make the necessary arrangements for testing etc.

Once they have been classified as donors they will be required to hold themselves in readiness to donate blood immediately for the purpose of storage or for transfusion, according to the emergency.

Such donors are required to give 40 ounces of their blood at a time and not more than twice or thrice a year, should it be needed.

Nazi Control In Memel

KAUNAS, Sept. 17 (Reuter)—All radio-receiving sets in Memel have been sealed by the German authorities. This is taken to be a measure to prevent listening to foreign broadcast stations.

It is reported that Memel is suffering from a shortage of food and other commodities. Many Memel Lithuanians are said to be applying to other consulates for visas to enter Lithuania.

THE HONG KONG PENINSULA HOTEL, HONGKONG HOTEL, REPULSE BAY HOTEL, & SHANGHAI ASTOR HOUSE, PALACE HOTEL, HOTELS LIMITED.

In association with the Grand Hotel des Wagons Lits, Peking.

BRITAIN'S CONTRABAND SEIZURES

LONDON, Sept. 16 (BWS)—During the week ended September 9, the British contraband control intercepted and detained large quantities of goods as to which there was evidence that they were contraband consigned to Germany, including 28,500 tons of petroleum, 28,350 tons of iron ore, 3,400 tons of haematite ore, 4,600 tons of manganese ore, 7,300 tons of wood pulp, 6,000 tons of pebble phosphate and a number of mixed cargoes.

ROME, Sept. 17 (Reuter)—The heads of the Japanese military, naval and economic missions at present in Rome, will visit Berlin at the invitation of Herr von Ribbentrop, German Foreign Minister.

MORE MILITIAMEN CALLED UP

ALL RANKS IN HIGH SPIRITS

LONDON, Sept. 16 (BWS)—Notices calling up the second contingent of militiamen, served before the declaration of war, came into force yesterday.

Throughout the day men who are 20 and 21 years reported at the barracks in high spirits.

EXCELLENT HUTS

Many were welcomed by the first contingent, which has completed preliminary training and is now being drafted for technical instruction.

Accommodation for the militiamen consists of excellent huts, and after September none will be under canvas. Many reported one day early, in case the uncertain train services made them late.

GREAT RUSH

Meanwhile, voluntary enlistment proceeds rapidly and regimental pools are growing fast.

A great rush took place during the crisis before the declaration of war, and recruiting has now settled down to a steady stream.

A feature of the formation of reserves of manpower is the controlled enlistment, resulting in ordered and rapid training.

MAN STABBED IN QUARREL

One man was stabbed and another, the alleged assailant, is being sought by the police as the sequel to a fight which occurred in Des Voeux Road West, near Queen's Street, about 4 p.m. yesterday.

Two men, Chan Hung and Li Fui-chiu, came to blows following a quarrel. Li was alleged to have suddenly whipped out a pocket knife and stabbed Chan in the stomach.

Chan collapsed immediately to the ground, and the other man, thinking that Chan had been killed, took to his heels and fled.

When Chan was removed to the Queen Mary Hospital, it was found that his condition was not serious.

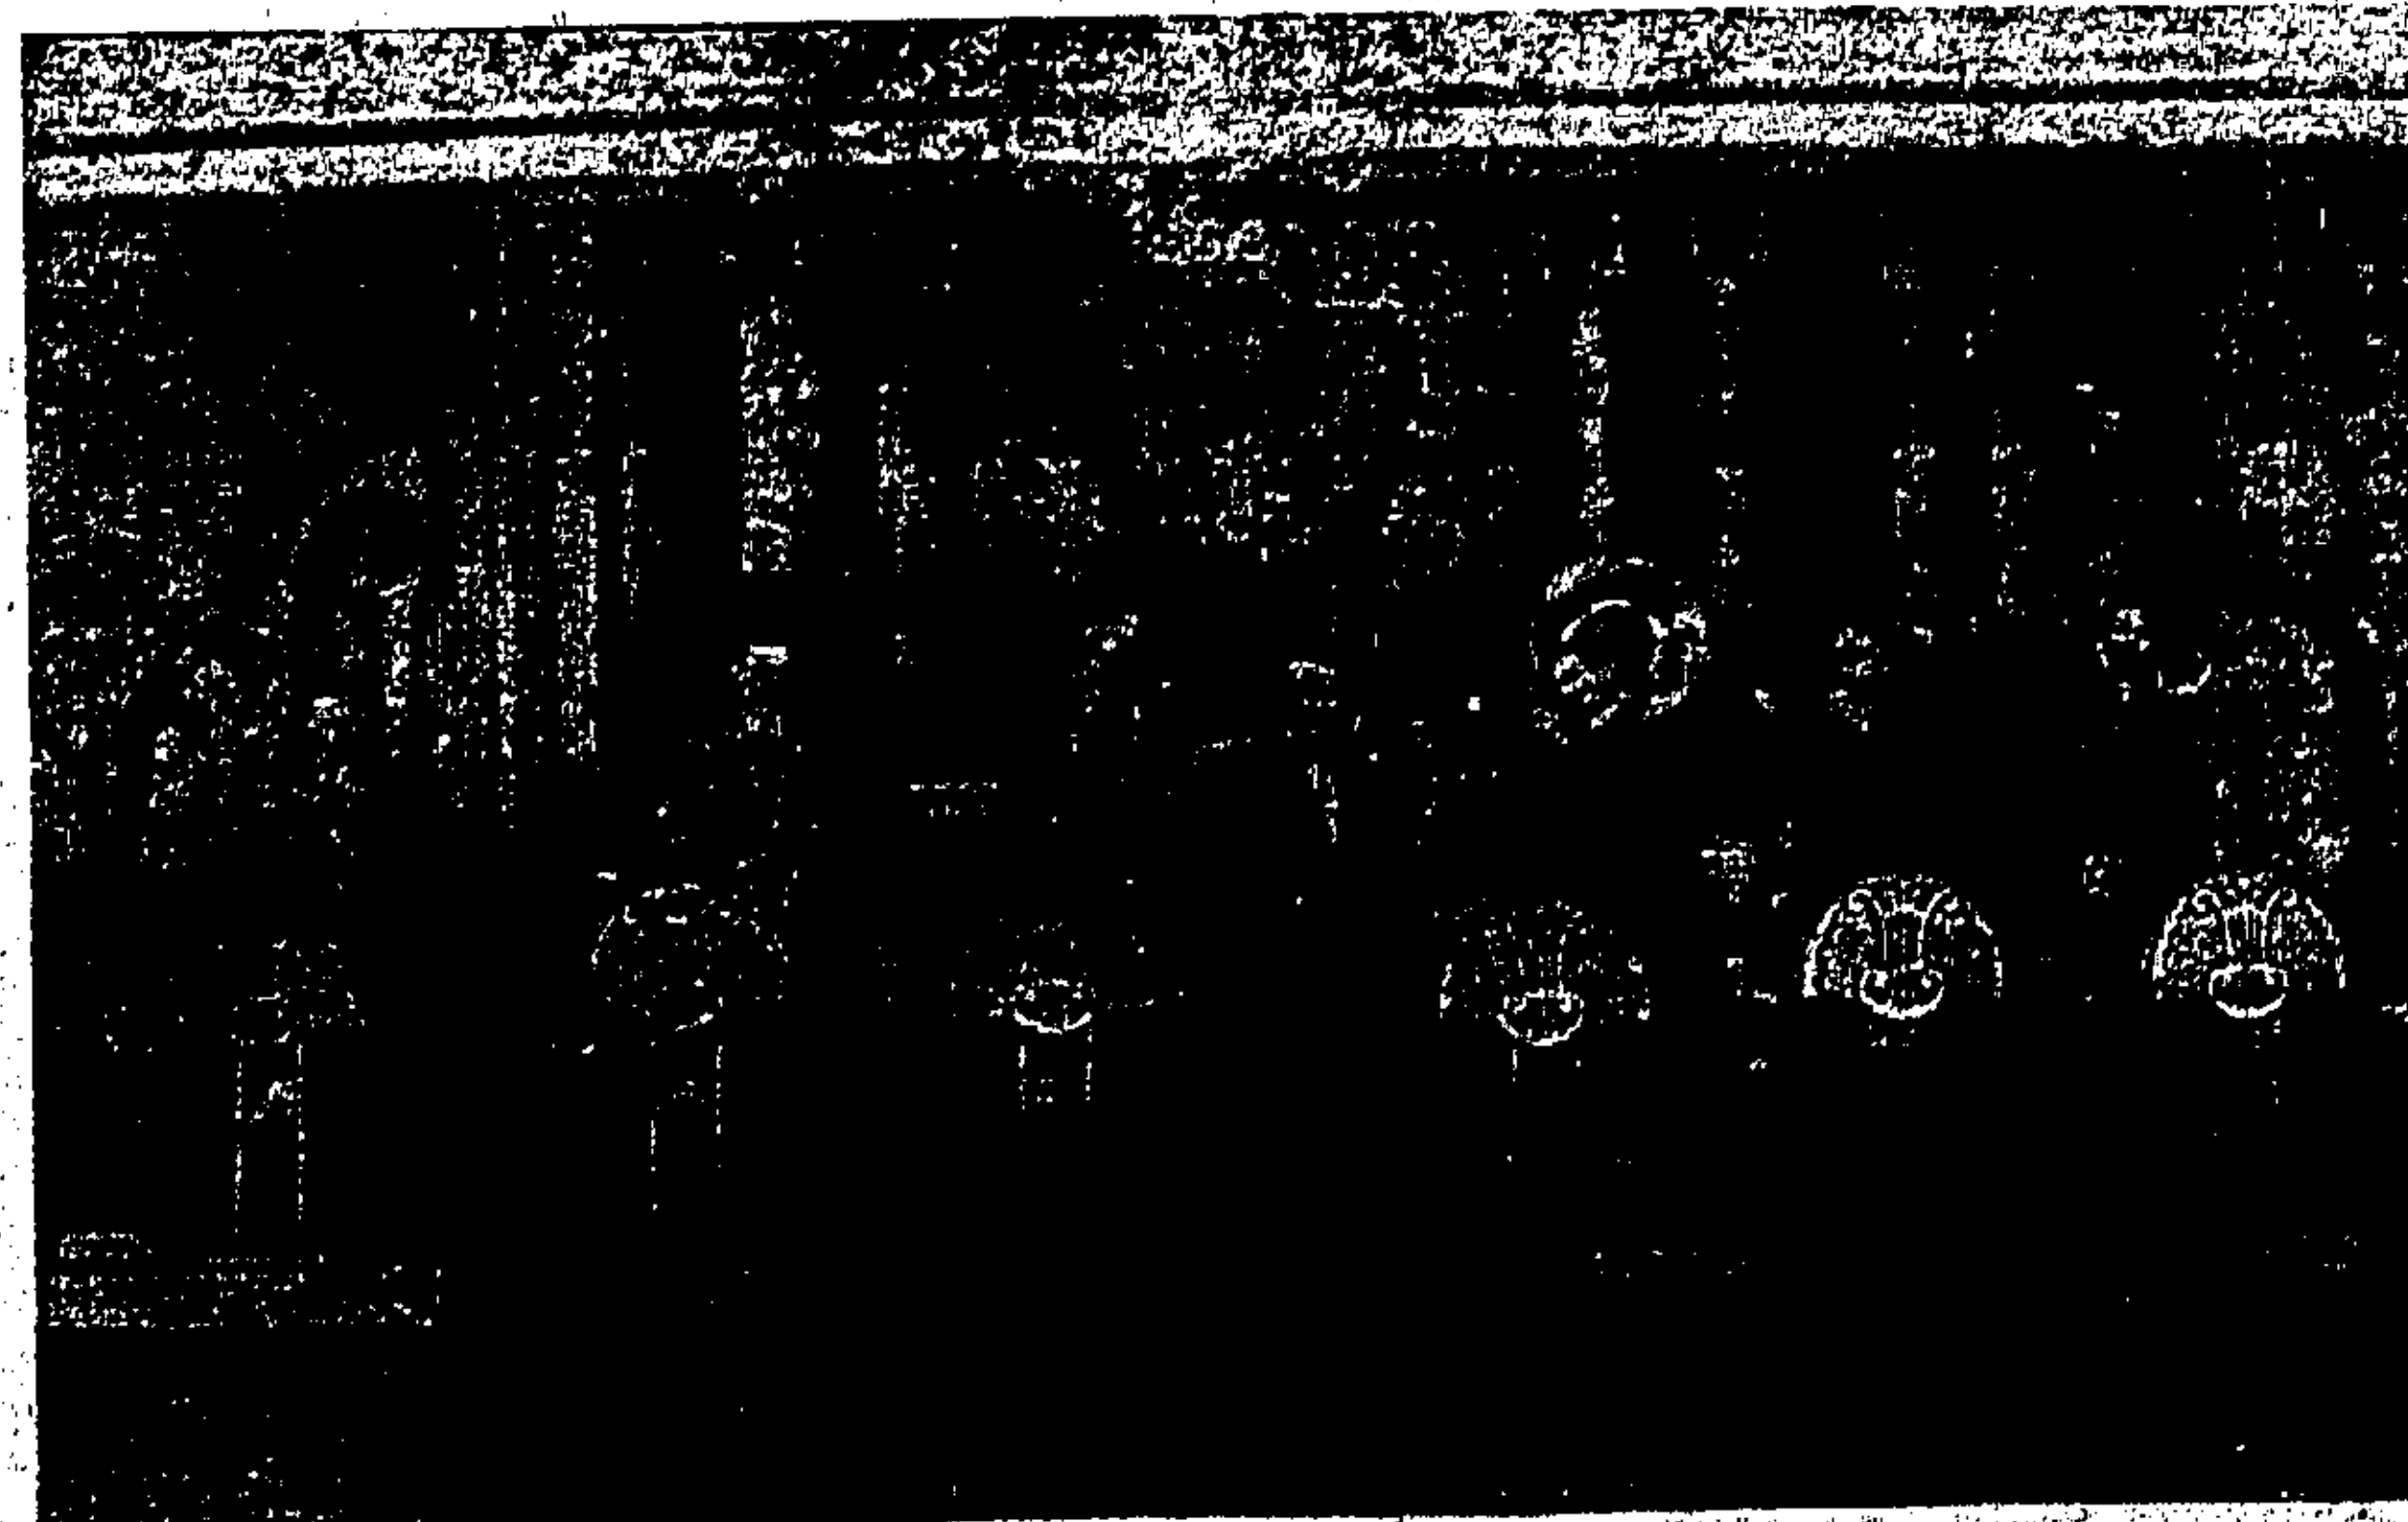

FIRE IN WING LOK STREET

A fire which broke out about 2.15 a.m. yesterday at No. 436, Wing Lok Street, ground floor, caused a great deal of damage before it was brought under control by fire appliances which were summoned from the Central Fire Station.

The cause of the fire has not been established. The premises, which were occupied by the Wing Mow firm, peanut oil dealers, were entirely gutted.

Another fire, breaking out about 3 a.m. at Stonecutter's Island, destroyed two matchboxes occupied by workmen. It is thought that the fire originated from a carelessly thrown cigarette butt.

Mr. Yeh Kung-cho, Professor Hsu Ti-shan, Dr. Wen Yuan-ning, Mr. Lu Tan-lin, Mr. Lo Ming-yu, Mr. Tai Wang-shu and Mr. Y. I. Lee.—(Central News).

Nick Korin and his swing dispensers who will commence a season at the Griggs, Hongkong Hotel, shortly. Mr. Korin, besides being a master of seven instruments, is also a vocalist of no mean calibre.

BRAVE FRENCH AIRMEN

BERLIN, Sept. 17 (Reuter)—The German radio announced that two French airmen who were shot down by the German Air Force were buried with full military honours.

It added that the bravery of the two men, one a captain and the other a lieutenant, invoked the esteem of their enemy.

For the coming season the Hongkong Hotel has acquired the services of Nick Korin and his swing band.

On coming to the Orient, Mr. Korin set about forming a first-class dance band, and the results of his efforts is one specially commended by a critical and discriminating public. Each member of his band is an accomplished player of three to five instruments.

His connections with the large publishing houses in the United States make it possible for him to be among the first with the latest music.

Korin and his band will open an engagement in the Grill Room of the Hongkong Hotel shortly.

STOCKHOLM, Sept. 16 (Reuter)—Members of the 50th African Legion in Berlin and their families arrived here this morning.

CINEMA CLAIM SETTLED

The case in which the Hongkong and Kowloon Theatre Co., Ltd., is suing India Products Co. for \$390 for rental of the Majestic Theatre for Sunday morning performances was settled before Mr. Justice J. A. Fraser at the Summary Court on Saturday.

Mr. P. M. Hodgson appeared for plaintiffs and Mr. M. A. de Silver for the defence.

The case arose as the result of a contract made by the defendants for the hire of the Majestic Theatre for 17 Sundays at \$65 per Sunday.

IMPATIENCE IN ANTWERP

WHY CARGOES FOR BELGIUM WERE DETAINED

LONDON, Sept. 17 (Reuter).—A statement issued by the Ministry of Information last night says impatience is understood to have been expressed in Antwerp concerning the detention of grain cargoes for Belgium at one of the British contraband points.

Antwerp, the Ministry points out, is, of course, a normal port for disembarking food from South America to Germany.

ASSURANCE GIVEN

In view of this a number of ships carrying cereal cargoes are temporarily detained pending confirmation concerning the destination of the cargoes.

On Sept. 15 an assurance was received from the Belgian Ambassador that the cargoes were for Belgium and would not be re-exported.

The Contraband Committee has accepted this assurance and many ships are now on their way to Antwerp, if they have not already reached port.

CHINESE ECONOMIC OFFENSIVE
BEHIND JAPANESE LINES

CHUNGKING, Sept. 17. (Central)—How the three major anti-Japanese economic measures—boycott of Japanese goods, cutting of all food supply and other raw materials and ban on Japanese bogus notes—are being carried out by Chinese behind Japanese lines was told by Mr. Chang Nia-chi, well-known Chinese scholar.

Mr. Chang's account was based on his observations and experiences as finance commissioner of the Anhwei Provincial Government. Measures against Japanese economic encroachment enforced in Anhwei, moreover, are more or less the same as those in other provinces.

Dumping of Japanese goods in the Yangtze, the price, as the result of the Chinese ban, has soared as high as \$20 per picul. This not only has serious economic repercussions on the Japanese themselves but also induces Chinese to leave Japanese-occupied territory.

MAIN PROBLEM

The main problem that remains to be solved arises from Japanese-made merchandise bearing Chinese trademarks. The Anhwei Provincial Government, Mr. Chang said, is getting from Wuhu, Nanking, Shanghai and other Japanese occupied cities lists of such "imitation goods" to guide the work of the "enemy goods inspection bureau."

As Japanese goods are prevented from coming in, so are Chinese supplies from going out. The ban on the export of rice particularly is causing the Japanese no small worry.

Rice is sold at \$5 per picul at Wuyuechow while in the Japanese-held city of Wuhu immediately

IMPORTANT PRODUCTS

Other important Chinese products prevented from being exported to Japanese-occupied territory include cotton, wood oil, bristles, and the like.

The attempt of the Japanese to destroy the Chinese currency by the issuance of bogus notes has been frustrated with the establishment of a "buffer zone" in Anhwei Province. A total of \$10,000,000 in local notes has been issued by the Anhwei Provincial Bank with the authorization of the Ministry of Finance.

The circulation is strictly limited within the area where the Anhwei Provincial Government exercises its jurisdiction. The notes have no foreign exchange value.

YUNNAN'S CAMPAIGN AGAINST DISEASE

Anti - Goitre Programme: Lack Of Iodine In Food

CHUNGKING, Sept. 13 (Central).—The Chinese Government is launching a campaign against goitre in Yunnan. Goitre is one of the three major public health problems there, the other two being malaria and leprosy.

For centuries, this disease caused by lack of iodine in local salt and foodstuffs, has existed in Yunnan. It is more prevalent among women than men.

Reports from medical men who have travelled over the Yunnan-Burma highway indicate that every third woman and every fourth man seen is a sufferer.

The disease is very evident among the labour gangs working on the highways and railway and among the inhabitants of the villages in mountainous areas.

In Yungping district in west Yunnan 80 per cent. of the population are goitre sufferers. The valley of the Mekong river which traverses the province in the west is said to be a particularly bad goitre region.

WAYS AND MEANS

A group of officials and medical experts, including Mr. C. G. G.

Pearson, associate district director of the National Salt Administration, Dr. R. C. Robertson, chief technical expert of the League of Nations' Anti-Epidemic Commission to China, and Dr. McClure of the International Red Cross, met in the office of the League's Kunming-Burma Epidemiological Survey Unit and studied ways and means of preventing goitre in Yunnan province.

Dr. Robertson reported that the lack of iodine in the locally-grown foodstuffs in Yunnan was due to the fact that the very soluble iodides in the surface soil had been washed out either into the mountain rivers or into the

deeper subsoil not reached by small plants.

He said that the prevalence of goitre in Yunnan was not directly attributable to the consumption of the salt, as at present chemically constituted, but that through salt consumption a ready means is available for the administration to the populace of their necessary iodine requirements.

SALT SUPPLY

The meeting unanimously approved of the acceptance of the principle of iodization of the salt supply of Yunnan. The experts decided to organize an anti-goitre committee with governor Lung Yun as honorary chairman, to fight the disease in the province and that Dr. Robertson, Mr. Pearson and a Chinese technical assistant be sent to a typical salt producing area to conduct preliminary experiments.

It was also decided that \$20,000 be used for the first year's surveying and iodizing work and that the heads of educational and other institutions be requested to co-operate in the campaign.

Negotiations are already in progress for the purchase of a large quantity of iodides at reduced prices from Java. Yunnan desires to obtain 200 kilograms of a commercial iodine concentrate of uniform strength so as to start work. To iodize all of Yunnan's salt production, the equivalent of 500 kilograms of pure iodine is needed.

MEANWHILE, the control of leprosy has become one of the six most important administrative policies of the province for 1939 and plans for the supervision of the lepers have been adopted. To date leprosy is found in most of the leper districts, the total number of sufferers known to the authorities being no less than 10,000.

CAMOUFLAGE IN INDIAN CITIES

In view of the present international situation, the question of camouflaging factories, important buildings and oil tanks, as a measure of protection against air attacks in the event of war, has assumed increased importance in Indian cities which might be subjected to bombing raids.

It is stated in Simla that the Government of India fully recognise the need for camouflage, which is being actively encouraged in England. One of the most common systems of protecting factories is to break their "line," as it appears from the air, by skillfully placed trees. This has the effect of confusing the raiding airman regarding the exact position of his objective.

PROTECTION OF OIL TANKS

In regard to the protection of oil tanks, which are liable to present an extremely vulnerable target, it is learned that the method of building underground tanks, as in Britain and elsewhere, presents considerable difficulties in Bombay, Karachi and Calcutta where water is found only two feet below the surface. Tanks are usually painted with aluminium paint since this resists heat and reduces evaporation.

The bright reflection of aluminium paint can be easily discerned from the air, even on dark nights, and in time of war the value of painting tanks in camouflage pattern would undoubtedly offset the special advantages of aluminium paint.

It is stated here that private

THAILAND'S AIR MAIL & PASSENGER SERVICE

The Aerial Transport Company of Siam, Ltd. was formed in August 1931 and commenced operations in northeast Thailand, as Siam is now known.

Recently a great deal of work has been carried out in connection with the construction of landing grounds on a route across northern Thailand, and two new services have been started recently in consequence.

On May 15 an express service was started between Khonkaen and Nakhon Phanom, and a fortnight later another service was inaugurated between Pitsanuloke, Ratchaburi, and Mehsod on the Thailand-Burma border. The latter service is operated by two of the Puss Moths and the former by one of the three Fairchild 247 machines, recently acquired. These two services bring one of the company's original projects nearer to realization, which was to establish a service between Moumein on the Burmese coast and Hanot in Indo-China.

It is hoped that a service will be started between Bandon on the east coast of southern Thailand and Puket as soon as the aerodrome at the latter point is completed. Puket is situated on an island of the same name, or Junk Ceylon, as it is sometimes called, off the south-west coast.

NO SUBSIDY

The company is one of the few air transport concerns operating without a subsidy, but it has a small contract with the Government, a surcharge being made of approximately 1d. the normal postage rate in Thailand is approximately 2d.

As the company also operates surface transport, it was decided at an extraordinary general meeting of the company held on June 15 to alter the name of the company to Borsat Khonsong Ltd. (Transport Co. Ltd.). The English name of the company is still Aerial Transport Co. of Siam Ltd.

It would appear likely, however, that the word "Thai" will be substituted for the word "Siam" at some future date in accordance with the change of name of the country.

HAIPHONG DRAW WITH EASTERN

The Haiphong football team, which is on a visit to Hongkong, was entertained by the Eastern Athletic Association in the first of a series of three matches at the Hongkong Football Club ground yesterday.

The visitors drew with the home side, sharing eight goals.

Play was fast and Eastern had the upper hand at the beginning.

Eastern had the kicked-off, and after fifteen minutes, play, Hau Ching-to, left wing, scored the first goal for the home team. The visitors make several attempts to break through the Eastern defence and their forwards were successful about 30 minutes later when Hol scored the equaliser.

ANOTHER GOAL

The next ten minutes saw the home team putting pressure on the opponents' goal, and play was confined to one half of the field, Hau Ching-to added another goal for Eastern. Within two minutes, Ip Pak-wah, inside left, increased the lead.

After half-time, Haiphong's inside right scored two beautiful goals to draw level.

Play continued with Eastern showing signs of slackening but eventually Ip Pak-wah added the fourth goal for the home team.

The Haiphong equalised almost immediately through Ido, with a solo effort.

Towards the end Haiphong failed on a Spot Kick.

The following were the teams:—
Haiphong—Sammy; Can, Binh; Huan, Thom, Thal; Vien, Tie, Thoy, Hol and Loc.

HOUSEWIVES PLAN CO-OPERATIVE

In view of the recent sharp increase in food and provisions, several Kowloon residents are contemplating to organise a co-operative among housewives.

The object of this would be to purchase supplies in the greatest general demand directly from local agents, thus eliminating middlemen and compendores, and selling to members of the co-operative at a small margin higher than the original cost in order to cover the expenses.
